Vibhavari is a voluntary organization working as non-government organization since 1997. A group of social activists decided to form an organization so that they may play the role of messengers of a new dawn of development in the society at large. This idea became the foundation of Vibhavari, when they started their work at Dewas - a district headquarter of state Madhya Pradesh, India. The vision and mission statement clearly depicts the dream in simple words.

Registered under registration of societies act 1973 (No. 44 of the year 1973) in 1997. This organization has moved a long way towards the destination in past 29 years of its operation. The focus areas are Natural Resource Management, Environment concern, Health and sanitation and Human Resource Development.

Area of expertise-

- Water Conservation
- Watershed Management
- Wise Water Management
- Research & Development
- Trainings
- Sanitation, Hygiene & Health Education
- IEC (Information, Education & Communication)
- Human Resources Development.

Vibhavari's journey since 29 Years -

Vibhavari has worked directly and indirectly in 62 districts across Madhya Pradesh, Maharashtra, Rajasthan and Bihar, covering 1,710 villages and reaching 3,25,000 beneficiaries. Vibhavari has empowered over 75,000 farmer families through watershed development projects, expanding irrigation across 95,971 hectares in 199 villages of Madhya Pradesh, including Dewas, Agar, Ratlam, Ujjain, Khandwa, Sehore, Panna, Alirajpur, Guna, Shivpuri, Sheopur, Jabalpur, Dhar, Indore, Bhopal,

Gwalior and Burhanpur and Maharashtra, Rajasthan and Bihar. Known for its watershed management training and models like Jal Yatra and Pani Chaupal, its low-cost rooftop rainwater harvesting model launched in 2000 benefited 2,000 households in Dewas and expanded since 1997 to about 22,000 households by 2025. Through initiatives like Farmer Field Schools, solar and pheromone traps and soil health campaigns, over 51,597 farmers across 117 villages adopted sustainable practices. The organization also empowers women through Self-Help Groups (SHGs), with 1,800 women engaged in goat rearing, 240 in agri-allied work and 100 in stitching, weaving and swarojgar. Under NULM, 800 SHGs in Dewas, 350+ in watershed areas and 75 in Sehore have been formed, with 1,225 SHGs linked to banks and 360 connected with ICICI and other banks for financial inclusion.
